The Bankruptcy of the United States

Rep. James A. Traficant

Presented to the House of Representatives on March 17, 1993

Mr Speaker, we are here now in Chapter 11. Members of Congress are official trustees presiding over the greatest reorganization of any bankrupt entity in world history, the US government. We are setting forth, hopefully, a blueprint for our future. There are some who say it is a coroner's report that will lead to our demise.

It is an established fact that the United States Federal Government has been dissolved by the Emergency banking Act, March 9, 1933, 48 Stat. 1, Public Law 890719; declared by President Roosevelt, being bankrupt and insolvent. H.J.R. 192, 73rd Congress session of June 5, 1933 --- Joint Resolution to Suspend the Gold Standard and Abrogate the Gold Clause dissolved the Sovereign Authority of the United States and the official capacities of all United States governmental offices, officers, and departments and is further evidence that the United States Federal Government exists today in name only.

The receivers of the United States bankruptcy are the International bankers, via the United Nations, the World Bank and the International Monetary Fund. All United States offices, officials and departments are now operating within a de facto status in name only under Emergency War powers. With the constitutional Republican form of government now dissolved, the receivers of the bankruptcy had adopted a new form of government for the United States. This new form of government is known as a Democracy, being an established Socialist/Communist order under a new governor for America. This act was instituted and established by transferring and/or placing the Office of the Secretary of Treasury to that of the Governor of the International Monetary Fund. Public Law 94-564, page 8, Section H.R. 13955 reads in part: "The U.S. Secretary of treasury receives no compensation for representing the United States".

Gold and silver were such a powerful money during the founding of the United States of America declared that only gold or silver coins can be "money" in America. Since gold and silver coinage were heavy and inconvenient for a lot of transactions, they were stored in banks and a claim check was issued as a money substitute. People traded their coupons as money, or "currency".

Currency is not money, but a money substitute. Redeemable currency must promise to pay a dollar equivalent in gold or silver money. Federal Reserve Notes (FRNs) make no such promises, and are not "money". A Federal Reserve Note is a debt obligation of the federal United States government, not "money".

The federal United States government and the U.S Congress were not and have never had authority by the Constitution for the United States of America to issue currency of any kind, but only lawful money --- gold and silver coin.
It is essential that we comprehend the distinction between real money and paper money substitute. One cannot get rich by accumulating money substitutes; one can only get deeper into debt. We the People no longer have any "money". Most Americans have not been paid any "money" for a very long time, perhaps not in their entire life. Now do you understand why you are "bankrupt" along with the rest of the country?

Federal Reserve Notes (FRNs) are unsigned checks written on a closed account. FRNs are an inflatable paper system designed to create debt through inflation (devaluation of currency). Whenever there is an increase of the supply of a money substitute in the economy without a corresponding increase in the gold and silver backing, inflation occurs.

Inflation is an invisible form of taxation that irresponsible governments inflict on their citizens. The Federal Reserve Bankers who control the supply and movement of FRNs have everybody fooled. They have access to an unlimited supply of FRNs, paying only for the printing costs of what they need. FRNs are nothing more than promissory notes for U.S. treasury securities (T-Bills) --- a promise to pay the debt to the Federal Reserve Bank.

There is a fundamental difference between "paying" and "discharging" a debt. To pay a debt, you must pay with value or substance (i.e., gold, silver, barter or a commodity). With FRNs, you can only discharge a debt. You cannot pay a debt with a debt currency system. You cannot service a debt with a currency that has no backing in value or substance.

No contract in Common Law is valid unless it involves an exchange of "good and valuable consideration". Unpayable debt transfers power and control to the sovereign power structure that has no interest in money, law, equity or justice because they so much wealth already.

Their lust is for power and control. Since the inception of central banking, they have controlled the fates of nations.

The Federal Reserve System is based on the Canon Law and the principles of sovereignty protected in the Constitution and the Bill of Rights. In fact, the international bankers used a "Canon Law trust" as their model, adding stock and naming it a "Joint Stock trust". The U.S. Congress had passed a law making it illegal for any legal "person" to duplicate a "Joint Stock Trust" in 1873. The Federal Reserve Act stipulated that the interest on the debt was to be paid in gold. There was no stipulation in the Federal Reserve Act for ever paying the principal.
Prior to 1913, most Americans owned clear, alloidal title to property, free and clear of any liens or mortgages until the Federal Reserve Act (1913).

All property was "hypothecated" within the federal United States to the Board of Governors of the Federal Reserve, in which the Trustees (stockholders) held legal title. The U.S. citizen (tenant, franchisee) was registered as a "beneficiary" of the trust via his/her birth certificate. In 1933, the federal United States hypothecated all of the present and future properties, assets and labor of their "subjects", the 14th Amendment U.S. citizen, to the Federal Reserve System.

In return, the Federal Reserve System agreed to extend the federal United States corporation all the credit "money substitute" it needed.

Like any other debtor, the federal United States government had to assign collateral and security to their creditors as a condition of the loan. Since the federal United States didn't have any assets, they assigned the private property of their "economic slaves", the United States citizens, as collateral against the unpayable federal debt. They also pledged the unincorporated federal territories, national parks and forests, birth certificates, and nonprofit organizations as collateral against the federal debt. All has already been transferred as payment to the international bankers.

Unwittingly, America has returned to its pre-American Revolution, feudal roots whereby all land is held by a sovereign and the common people have no rights to hold alloidal title to property. Once again, We the People are the tenants and sharecroppers renting our own property from a Sovereign in the guise of the Federal Reserve Bank. We the People have exchanged one master for another.

This has been going on for over 80 years without the "informed knowledge" of the American people, without a voice protesting loud enough. Now it's easy to grasp why America is fundamentally bankrupt.

Why don't more people own their properties outright?

Why are 90% of Americans mortgaged to the hilt and have little or no assets after all debts and liabilities have been paid? Why does it feel like you are working harder and harder and getting less and less?

We are reaping what has been sown, and the result of our harvest is a painful bankruptcy, and a foreclosure on American property, precious liberties, and a way of life. Few of our elected representatives in Washington DC have dared to tell the truth. The federal United States is Bankrupt. Our children will inherit this unpayable debt, and the tyranny to enforce paying it.

America has become completely bankrupt in world leadership, financial credit and its reputation for courage, vision and human rights. This is an undeclared economic war, a bankruptcy and economic slavery of the most corrupt order!

Wake up America! Take back your country!
