CONFIDENTIAL MEMO AT THE HEART OF THE GLOBAL FINANCIAL CRISIS

- To: Deputy Secretary of the Treasury Lawrence Summers
- From: Assistant Secretary for International Affairs, Timothy Geitner
- Date: November 24, 1997
- “As we enter the end-game of the WTO financial services negotiations, I believe it would be a good idea for you to touch base with the CEOs...”
 - Goldman Sachs: John Corzine (212)902-8281
 - Merrill Lynch: David Kamanski (212)449-6868
 - Bank of America: David Coulter (415)622-2255
 - Citibank: John Reed (212)559-2732
 - Chase Manhattan: Walter Shipley (212)270-1380

CONFIDENTIAL MEMO AT THE HEART OF THE GLOBAL FINANCIAL CRISIS

- Palast explains that Geitner was telling his boss (at the time) Summers to call the 5 most powerful banking CEOs to have them get their lobbyists to lobby to repeal Glass Steagal because the banks wanted to get into “derivatives trading”. Palast even calls them “banksters”

Collateralized Debt Obligations (CDO's)

- The bankster thieves get their stooge Barney Frank in the US House of Representatives Finance Committee to lead the charge to get Glass Steagle repealed, because they intended to sell all sorts of these derivatives to governments around the world
- A Collateralized Debt Obligation is a pool of mortgages that was packaged by the bankster thieves on Wall Street, and fraudulently marketed as very good quality (AAA)

Banking Deregulation

- As a result of the banking deregulation, the bankster thieves were able to start trading derivatives, which includes selling CDOs (Collateralized Debt Obligations) which were packages of mortgages (many of them subprime – some of them did not exist)
- Under the Clinton administration, they started to do 100% financing in home mortgages
- Because of the easy qualification, many people who were otherwise unqualified, caused a bidding war on real estate with sub-prime mortgages

Banking Deregulation

- Real Estate prices became inflated to the point that some markets prices were 200%, and 300% and more of what the prices are today
- Investors around the world bought CDO's marketed by the bankster thieves
 - Municipal corporations
 - Mutual funds
 - Other investors
- The bankster thieves leveraged their own assets by 30 times – Lehman Brothers

Bankster Thieves

- Recently, there were pirates in Somalia, that were assaulting shipping off the coast of Samalia
- These pirates were captured by the US Navy and brought back to New York for trial
- It came out in the trial, that these pirates were owned and operated by Goldman Sacks

Borowitz Report: Somali Pirates A Subsidiary Of Goldman Sachs!!!

by Laurence Lewis

Intrepid investigative political reporter **Andy Borowitz** has stumbled upon an explosive new bombshell. After picking himself up and finding a place to duck and cover, Borowitz wrote the following:

Eleven indicted Somali pirates dropped a bombshell in a U.S. court today, revealing that their entire piracy operation is a subsidiary of banking giant Goldman Sachs.

There was an audible gasp in court when the leader of the pirates announced, "We are doing God's work. We work for Lloyd Blankfein."

Borowitz says the pirates received bonuses last year amounting to \$48 million, paid in cash. In dubloons. They merged with Goldman in 2008, because of the more lax regulation of bankers.

On the need for a new regulatory approach, Borowitz quotes:

"There are lots of laws that could bring these guys down if they were, in fact, pirates," one government source said. "But if they're bankers, our hands are tied."

In follow-up interviews imagined by Imaginary reporters for the Turkana News Network (TNN), Republican leaders scoffed at Democratic plans to regulate the pirates. Republican Senate leader Mitch McConnell is rumored to have said, "We're already over-regulated and over-taxed. Pirates need a free market in which to ply their trade. Once again, the Obama Administration seems more interested in imposing excessive government than in protecting decent God-fearing working people."

McConnell then dismissed reporters, saying he had a sack of dubloons he needed to deposit in an account in the Caymans.

Republican House leader, John Boehner, his orange skin gleaming in the glare of the spotlight, was terse in his response. "No," said Boehner. "No, what?" asked reporters. "Just no," said Boehner. "Whatever it is, I'm against it!"

Sarah Palin, reading from a prepared script, said, "Milk, eggs, baby seal steaks, fur coat... Oops,

Somali Pirates Say They Are Subsidiary of Goldman Sachs

NORFOLK, VIRGINIA (The Borowitz Report) - Eleven indicted Somali pirates dropped a bombshell in a U.S. court today, revealing that their entire piracy operation is a subsidiary of banking giant Goldman Sachs.

There was an audible gasp in court when the leader of the pirates announced, "We are doing God's work. We work for Lloyd Blankfein."

The pirate, who said he earned a bonus of \$48 million in doubloons last year, elaborated on the nature of the Somalis' work for Goldman, explaining that the pirates forcibly attacked ships that Goldman had already shorted.

"We were functioning as investment bankers, only every day was casual Friday," the pirate said.

The pirate acknowledged that they merged their operations with Goldman in late 2008 to take advantage of the more relaxed regulations governing bankers as opposed to pirates, "plus to get our share of the bailout money."

In the aftermath of the shocking revelations, government prosecutors were scrambling to see if they still had a case against the Somali pirates, who would now be treated as bankers in the eyes of the law.

"There are lots of laws that could bring these guys down if they were, in fact, pirates," one government source said. "But if they're bankers, our hands are tied." More [here](#).

LIBOR

- LIBOR is an Acronym for London Interbank Offered Rate, which is an interest rate that is used to determine interest rates

Libor scandal

From Wikipedia, the free encyclopedia

The **Libor scandal** was a series of fraudulent actions connected to the **Libor** (London Interbank Offered Rate) and also the resulting investigation and reaction. The Libor is an average interest rate calculated through submissions of interest rates by major banks in London. The scandal arose when it was discovered that banks were falsely inflating or deflating their rates so as to profit from trades, or to give the impression that they were more creditworthy than they were.^[3] **Libor underpins approximately \$350 trillion in derivatives.** It is administered by **NYSE Euronext**, which took over running the Libor in January 2014.^[4]

The banks are supposed to submit the actual **interest rates** they are paying, or would expect to pay, for borrowing from other banks. The Libor is supposed to be the total assessment of the health of the financial system because if the banks being polled feel confident about the state of things, they report a low number and if the member banks feel a low degree of confidence in the financial system, they report a higher interest rate number. In June 2012, multiple criminal settlements by **Barclays Bank** revealed significant fraud and collusion by **member banks** connected to the rate submissions, leading to the scandal.^{[5][6][7]}

Because Libor is used in US derivatives markets, an attempt to manipulate Libor is an attempt to manipulate US derivatives markets, and thus a violation of American law. Since mortgages, student loans, financial derivatives, and other financial products often rely on Libor as a reference rate, the manipulation of submissions used to calculate those rates can have significant negative effects on consumers and financial markets worldwide.

On 27 July 2012, the *Financial Times* published an article by a former trader which stated that Libor manipulation had been common since at least 1991.^[8] Further reports on this have since come from the BBC^{[9][10]} and Reuters.^[11] On 28 November 2012, the Finance Committee of the Bundestag held a hearing to learn more about the issue.^[12]

The British Bankers' Association said on 25 September 2012 that it would transfer oversight of Libor to UK regulators, as predicted by bank analysts,^[13] proposed by **Financial Services Authority** managing director **Martin Wheatley's** independent review recommendations.^[14] Wheatley's review recommended that banks submitting rates to Libor must base them on actual inter-bank deposit market transactions and keep records of those transactions, that individual banks' LIBOR submissions be published after three months, and recommended criminal sanctions specifically for manipulation of benchmark interest rates.^[15] Financial institution customers may experience higher and more volatile borrowing and hedging costs after implementation of the recommended reforms.^[16] The UK government agreed to accept all of the Wheatley Review's recommendations and press for legislation implementing them.^[17]

Scale of the scandal

“ This dwarfs by orders of magnitude any financial scam in the history of markets.^{[1][2]} ”

Andrew Lo, MIT Professor of Finance

Paul Robson, a former trader at Rabobank, has become the first Briton to plead guilty to being part of the worldwide conspiracy to rig the Libor interest benchmark.

The executive, who worked at the Dutch bank's London office, admitted before a New York court to one count of bank fraud and wire fraud, as part of a conspiracy that also involved the taxpayer-backed Lloyds Banking Group.

The guide that will help you understand technical analysis

LIBOR

- There was a LIBOR scandal exposed in
 - 2008, and
 - again in 2014 and
 - It is admittedly been going on since at least the early 1990's
- Because of the LIBOR scandals, interest rates for municipal corporations all over the world have been going up.

Kathryn Austin Fitz

- Former Assistant Secretary for Housing under George Bush Sr.
- Says that many mortgages sold in Collateralized Debt Obligations (CDOs) were for houses that did not exist
- Tried to put a stop to it and was removed
- These fraudulent fictitious mortgages were included in CDOs that were sold to investors around the world, that were fraudulently rated AAA by the bankster owned and operated rating agencies

Collateralized Debt Obligations (CDO's)

- When you deposit money into your bank account, the money becomes the property of the bank, and you have a contract that says they have to give it back, therefore it is an unsecured debt to the bank
- When the same bank sells a CDO, it is supposed to be collateralized by real estate
- A CDO has a higher priority than a bank deposit, in the event of a bankruptcy

Bankster Thieves

- Over the years the BAR members who have infiltrated governments at every level have conveniently put these governments deep into debt
 - See the **BAR Members** video
- Lindsay Williams says that his elite friends have said that they have planned to bring out these derivatives for decades to facilitate these bankruptcies

Bankster Thieves

- When the bubble burst in 2008,
 - many corporations went out of business, or laid off workers,
 - some banksters went bankrupt (Lehman Brothers, Merrill Lynch, AIG, etc.),
 - Iceland went bankrupt,
 - Greece has gone into receivership,
 - Spain is on the brink of bankruptcy, and
 - many American States are on the brink of bankruptcy

Bankster Thieves

- Because of these derivatives, and the LIBOR scandal, and the sub-prime crisis orchestrated by the bankster thieves
 - Debt servicing costs have gone up
 - Many companies have gone out of business causing unemployment and also reducing tax revenue for municipal corporations
 - Municipal corporations costs are up and revenues are down causing a scramble for money and bankruptcies

Bankrupt Governments

Bankrupt Government List

- Since 2010 there have been 38 municipal governments that declared bankruptcy
- A bankruptcy is a coup de tat for a municipal government because the creditors become the new owners, and the creditors are the bankster thieves as found in the;
 - **Bankrupt Corporate (so-called) Governments** video
 - **Bankster Thieves 1 of 2** video
- A bankruptcy creates an emergency and justifies Martial Law Rule as found in the **We are Under Martial Law Rule** video

Bankrupt Governments

- Because of these bankster thieves, governments everywhere (bankrupt or not) are raising taxes, fees, etc., and police everywhere are out generating revenue (police state) to support their increased debt servicing costs

Bankster Thieves

- All of the Banks in Cyprus went bankrupt, and they seized the deposits
- Acts have been passed in Canada, the US, and other countries authorizing the seizure of bank accounts
- They are talking about seizing all 401k's and IRAs in America
- Bank deposits have a lower priority than CDO's which are secured (Collateralized)

Bankster Thieves

- This has all been planned and orchestrated by the bankster thieves
- This is ONLY possible because they have completely ignored the gold standard
- Banksters everywhere are busy buying up as much gold and silver as they can
- Banksters are using the Exchange Rate Stabilization Fund to artificially keep the prices of gold and silver down, under the pretence of supporting the dollar, so they can get it at a cheaper price

Bankster Thieves

- The bankster thieves have even refused to deliver the miniscule amount of 5 tons of gold to Germany for 7 years
- 300 tons of gold can be traded in a morning on the COMEX

Bankster Thieves

- The Federal Reserve Bank was created in in the middle of the night on Christmas eve of 1913
- It took less than 20 years for them to bankrupt the country

Bankster Thieves

- **"It is an established fact that the United States Federal Government has been dissolved by the Emergency Banking Act, March 9, 1933, 48 stat. 1, Public Law 89-719; declared by President Roosevelt, being bankrupt and insolvent, H.J.R. 192, 73rd Congress in session June 5, 1933 - Joint Resolution To Suspend The Gold Standard and Abrogate The Gold Clause dissolved the Sovereign Authority of the United States and the official capacities of all United States Governmental Offices, Officers, and Departments and is further evidence that the United States Federal Government exists today in name only." United States Congressional Record, March 17, 1993 Vol. 33,**

Bankster Thieves

- Federal Reserve Notes are IOUs as found in the **Bankster Thieves 1 of 2** video
- Anything purchased with Federal Reserve Notes is purchased on United States credit
- If you buy something on United States credit, or the credit of any other corporation, who owns it?
- United States owns it
- If United States is owned and operated by the International Monetary Fund and the World Bank, then the bankster thieves own everything you purchase

National Bank Notes

- **“Sec. 15. As used in this Act the term “United States” means the Government of the United States...the term “currency of the United States” means currency which is legal tender in the United States, and includes United States notes,...Federal Reserve Notes...”**
- **“Sec. 16. The right to alter, amend or repeal this Act is hereby expressly reserved...”**
- **“Sec. 17. All Acts and parts of Acts inconsistent with any of the provisions of this Act are hereby repealed.” Gold Reserve Act of 1934, 48 Stat. 337**

Bankster Thieves

- Mortgages are found in Roman Civil Law
- Negotiable Instrument Law is a subset of Roman Civil Law
- Federal Reserve Notes/Bank of Canada Notes/Bank of England Notes are meant for internal use of the government ONLY
- By using a Negotiable Instrument to purchase things, the De facto Courts presume you consent to Martial Law Rule as found in the **We are Under Martial Law Rule** video and the **De facto Courts** video

Bankster Thieves

- Because you purchased everything with their private money system Federal Reserve Notes/Bank of Canada Notes/Bank of England Notes, technically the banksters own what you purchased – that is why the tax
- By orchestrating the subprime mortgage crisis, the Bankster Thieves are just taking what they already own, technically
- This is all made possible because of Roman Civil Law and the United Nations and the Vatican

Bankster Thieves

- Because you accept Federal Reserve Notes/Bank of Canada Notes/Bank of England Notes, as compensation for your labor, the de facto courts can presume that you are a government employee, as found in the **De facto Courts** video

Municipal Corporation

- **“There has been created a fictional federal State (of) xxxxxx within a State. See Howard v. Sinking Fund of Louisville, 344 U.S. 624, 73 S.Ct. 465, 476, 97 L.Ed. 617 (1953);” Schwarts v. O'Hara TP School District, 100 A 2d. 621, 625, 375, Pa. 440**

Summary

- **"I believe that banking institutions are more dangerous to our liberties than standing armies . . . If the American people ever allow private banks to control the issue of their currency, first by inflation, then by deflation, the banks & corporations that will grow up around [the banks] . . . will deprive the people of all property until their children wake-up homeless on the continent their fathers conquered . . . The issuing power should be taken from the banks & restored to the people, to whom it properly belongs". – Thomas Jefferson - the Debate Over the Recharter of the Bank Bill**

Summary

- **“If all bank loans were paid, no one would have a bank deposit and there would not be a dollar of currency or coin in circulation. This is a staggering thought. We are completely dependent on the commercial banks. Someone has to borrow every dollar we have into circulation, cash or credit. If the banks create ample synthetic money, we are prosperous; if not, we starve. We are absolutely without a permanent monetary system. When one gets a complete grasp upon the picture, the tragic absurdity of our hopeless position is almost incredible – but there it is. It (the banking problem) is the most important subject intelligent persons can investigate and reflect upon. It is so important that our present civilization may collapse unless it is widely understood and the defects remedied very soon.” Robert H. Hemphill, Credit Manager of the Federal Reserve Bank of Atlanta (for 8 years)**

Summary

- **"The enemy is the German Reich and not Nazism, and those who still haven't understood this, haven't understood anything."** -- Churchill's chief counselor Robert Lord Vansittart (September 1940 to foreign minister Lord Halifax)

Summary

- **"Germany's unforgivable crime before WW2 was its attempt to loosen its economy out of the world trade system and to build up an independent exchange system from which the world-finance couldn't profit anymore. ...We butchered the wrong pig." -- Winston Churchill (The Second World War - Bern, 1960)**

Summary

- **"Not the political doctrine of Hitler has hurled us into this war. The reason was the success of his increase in building a new economy. The roots of war were envy, greed and fear."** -- Major General J.F.C. Fuller, historian, England

Summary

- **"We made a monster, a devil out of Hitler. Therefore we couldn't disavow it after the war. After all, we mobilized the masses against the devil himself. So we were forced to play our part in this diabolic scenario after the war. In no way we could have pointed out to our people that the war only was an economic preventive measure." -
- US foreign Minister James Baker (1992)**

Summary

- **"The war wasn't only about abolishing fascism, but to conquer sales markets. We could have, if we had intended so, prevented this war from breaking out without doing one shot, but we didn't want to." -- Winston Churchill to Truman (Fultun, USA March 1946)**

Summary

- The American Revolution was primarily fought over King George the Third's Currency Act
- **“The refusal of King George the Third to allow the colonies to operate an honest money system which freed the ordinary man from the clutches of the money manipulators was probably the prime cause of the revolution” Benjamin Franklin**

Summary

- **“[Very] soon every American will be required to register their biological property in a national system designed to keep track of the people and that will operate under the ancient system of pledging. By such methodology we can compel people to submit to our agenda which will affect our security as a charge-back for our fiat paper currency.**
- **Every American will be forced to register or suffer not being able to work and earn a living. They will be our chattel and we will hold the security interest over them forever by operation of the law merchant under the scheme of secured transactions.**
- **Americans, by unknowingly or unwittingly delivering the bills of lading to us, will be rendered bankrupt and insolvent, forever to remain economic slaves through taxation secured by their pledges. - Colonel Edward Mandell House in a private meeting with Woodrow Wilson [President 1913-1921]**

Summary

- **"They will be stripped of their rights and given a commercial value designed to make us a profit and they will be none the wiser, for not one man in a million could ever figure our plans and, if by accident one or two would figure it out, we have in our arsenal plausible deniability. After all this is the only logical way to fund government by floating liens and debt to the registrants in the form of benefits and privileges. This will inevitably reap to us huge profits beyond our wildest expectations and leave every American a contributor to this fraud which we will call "Social Insurance." Without realizing it, every American will insure us for any loss we may incur and in this manner every American will unknowingly be our servant, however begrudgingly. The people will become helpless and without any hope for their redemption and we will employ the high office of the President of our dummy corporation to foment this plot against America." - Colonel Edward Mandell House in a private meeting with Woodrow Wilson [President 1913-1921]**

Summary

- **"I am a most unhappy man. I have unwittingly ruined my country. A great industrial nation is controlled by its system of credit... The growth of the nation, therefore, and all our activities are in the hands of a few men. We have come to be one of the worst ruled, one of the most completely controlled and dominated governments in the civilized world... a government by the opinion and duress of a small group of dominant men."**

Woodrow Wilson [President 1913-1921] after he passed the Federal Reserve Act which instituted the Fractional Reserve System in the United States.⁵⁰

Summary

- After WWI and the Treaty of Versailles, Germany was forced to re-pay the costs of the war and was bankrupt
- Hitler's crime was that he did not borrow money from the bankster thieves – he printed it, and as a result the German economy was turned around in less than 3 years
- Kennedy circulated 6 billion dollars of US Treasury Notes and Johnson's first act (while on the plane to DC from Dallas after the assassination) was to recall those Notes

Summary

- Lincoln was killed because he circulated \$400 million in US Treasury Notes
- President Garfield was killed because he wanted to circulate US Treasury Notes
- Under Ghadafi Libya had debt free currency, and they had him killed
- Saddam Hussein was preparing to circulate a gold backed debt free currency until he was killed
- Christ was killed 3 days after he threw the money changers out of the temple
- The bankster thieves will stop at nothing to keep their power.

Summary

- **"There are two ways to conquer and enslave a nation. One is by the sword. The other is by debt."**

John Adams 1826

Summary

- **“The money powers prey upon the nation in times of peace and conspire against it in times of adversity. It is more despotic than a monarchy, more insolent than autocracy, and more selfish than bureaucracy. It denounces as public enemies, all who question its methods or throw light upon its crimes. As a result of the war, corporations have been enthroned, an era of corruption in high places will follow, and the money powers of the country will endeavor to prolong it’s reign by working upon the prejudices of the people until all wealth is aggregated in a few hands and the Republic is destroyed.” --Abraham Lincoln**

Summary

- **"When injustice becomes law, then resistance becomes duty."** Thomas Jefferson

Conclusion

- Is there any wonder why Christ threw the bankster thieves of his day out of the temple?
- Christ even called them thieves!

Labor Certificates – An Alternative

- The bankster thieves will force all governments into bankruptcy either by internal intrigues, or by getting a foreign government to make war on the de jure government.
- In order to stay out of bankruptcy, the government needs the capability to have access to resources beyond gold and silver but at the same time lawful payment must always take place.

Labor Certificates – An Alternative

- Labor is just as valuable as gold or silver.
- Labor is NOT commercial (taxable)
- **“The labor of a human being is not a commodity or article of commerce....”** 15 USC § 17
- The right to pursue happiness is the right to get compensation for labor.

Labor Certificates – An Alternative

- **"Among these unalienable rights, as proclaimed in the Declaration of Independence is the right of men to pursue their happiness, by which is meant, the right any lawful business or vocation, in any manner not inconsistent with the equal rights of others, which may increase their prosperity or develop their faculties, so as to give them their highest enjoyment...It has been well said that, the property which every man has is his own labor, as it is the original foundation of all other property so it is the most sacred and inviolable..." Butchers' Union Co. v. Crescent City Co., 111 U.S. 746 (1883)**

Labor Certificates – An Alternative

- **"The patrimony of the poor man lies in the strength and dexterity of his own hands, and to hinder his employing this strength and dexterity in what manner he thinks proper, without injury to his neighbor, is a plain violation of this most sacred property."** Butchers Union Co. vs. Crescent City Co. 111 U.S. 764.

Labor Certificates – An Alternative

- **“The right to follow any of the common occupations of life is an inalienable right. It was formulated as such under the phrase ‘pursuit of happiness’ in the Declaration of Independence.”** Allgeyer vs. State of Louisiana, 165 U.S. 578, 17 S.Ct. 427, 41 L. Ed. 832 (1897) Hotel et al. vs. Longley, et al. 160 S.W. 2d. 124, 127 (1942)

Labor Certificates – An Alternative

- A Labor Certificate would certify that 1 dollar of Labor had been performed (or 10 dollars, etc.)
- The government would give them to their employees as compensation for labor
- A Labor Certificate would NOT be a Promissory Note, or a Bank Note, because there is no promise to pay and it is not issued by a bank – the labor has already been performed
- A Labor Certificate would NOT be an IOU, or any debt, because in order for it to get issued, a dollars worth of labor had to be already performed.

Labor Certificates – An Alternative

- A Labor Certificate would certify that 1 dollar (as defined by the Coinage Act of 1792) of labor had been performed.
- A Labor Certificate would be just as valuable as a lawful 1 dollar coin
- A Labor Certificate would be lawful money
