Military Occupation

- ▣ “A place, district, or country occupied by an enemy stands, in consequence of the occupation, under the Martial Law of the invading or occupying army, whether any proclamation declaring Martial Law, or any public warning to the inhabitants, has been issued or not. Martial Law is the immediate and direct effect and consequence of occupation or conquest. The presence of a hostile army proclaims its Martial Law.” Article 1, Lieber Code [emphasis added]

Military Occupation

- ▣ “Martial Law does not cease during the hostile occupation, except by special proclamation, ordered by the commander in chief; or by special mention in the treaty of peace concluding the war, when the occupation of a place or territory continues beyond the conclusion of peace as one of the conditions of the same.” Article 2, Lieber Code [emphasis added]

This is exactly what happens when martial law is imposed.
- ▣ If “equity” is the law, then it follows its own course rather than following the common law, thereby destroying the common law and leaving what is called “equity” in its place.” The Non-Ratification of the Fourteenth Amendment by Judge A.H. Ellett, Utah Supreme Court, Dyett v Turner 439 P2d 266 @ 269, 20 U2d 403 [1968],

BOMBSHELL investigation: Google an "information dominance" front for the CIA

([Natural News](#)) One of the fascinating things that's happening as a side effect of Natural News being blacklisted by Google is that **thousands of people are contacting us with information about the hidden history of Google**. As we are coming to discover, Google isn't an innocent, friendly search engine created to help humanity... it's actually an **extension of the deep state** that seeks to dominate and enslave all of humanity.

The following full article was originally [published by Insurge Intelligence at this link](#). It's part of a crowd-funded investigative journalism project which seeks to question the true history behind some of the most powerful forces in our society.

A corporation, therefore, being not a natural person, but a mere creature of the mind, invisible and intangible, cannot be a citizen of a state, or of the United States, and cannot fall within the terms or the power of the above mentioned article, and can therefore neither plead nor be impleaded in the courts of the United States.” Rundle v Delaware & Raritan Canal Company 55 U.S. 80 (1852) [emphasis added]

- ▣ "We are grateful to the Washington Post, the New York Times, Time magazine and other great publications whose directors have attended our meetings and respected the promises of discretion for almost forty years. It would have been impossible for us to develop our plan for the world if we had been subject to the bright lights of publicity during those years. But, the world is now more sophisticated and prepared to march towards a world-government. The supranational sovereignty of an intellectual elite and world bankers is surely preferable to the national auto-determination practiced in past centuries"-- David Rockefeller in an address to a Trilateral Commission meeting in June of 1991

- ▣ “Capital must protect itself in every way, through combination and through legislation. Debts must be collected and loans and mortgages foreclosed as soon as possible. When through a process of law, the common people have lost their homes, they will be more tractable, and more easily governed by the strong arm of the law applied by the central power of wealth, under control of leading financiers. People without homes will not quarrel with their leaders. This is well known among our principle men now engaged in forming an IMPERIALISM of capital to govern the world. By dividing the people we can get them to expend their energies in fighting over questions of no importance to us except as teachers of the common herd. Thus by discrete action we can secure for ourselves what has been generally planned and successfully accomplished.” The Banker’s Manifesto of 1934 from New American, February, 1934
